Profile

Front-End Developer with hands-on experience building responsive, scalable, and user-focused web applications using **React.js**, **Next.js**, and **Tailwind CSS**. Proven ability to work in fast-paced environments, contributing to both startup and enterprise projects. Strong focus on writing clean, maintainable code and implementing modern UI/UX best practices. Skilled in **component-based architecture**, **API integration**, and **cross-functional collaboration** using Agile and Scrum. Looking to bring technical expertise and a growth mindset to teams that value quality, innovation, and performance.

Education

Computer Science and Artificial Intelligence, *Helwan University*   2020 – 2024
Cairo, Egypt

Professional Experience

Junior Frontend Developer, *Learnock*   11/2024 – present
I am working As a front end developer with react and Laravel as we were working as   Cairo, Egypt
a team for many clients parallel with different technologies

Front End, *Tech-Cell*   09/2024 – 11/2024
I was part of a team of 10 people, consisting of 5 front-end and 5 back-end   Cairo, Egypt
developers. We used React, Tailwind CSS, and GitHub to complete three projects.
Our team was supported by a tester and two mentors who provided guidance and
reviewed our work. Additionally, each team member was required to present on
two topics. I chose **Tailwind CSS** and **Three.js** for my presentations.

Professional Development & Freelance Projects   10/2023 – 09/2024
Focused on enhancing front-end skills through advanced React and Next.js projects,   Cairo, Egypt
while exploring backend fundamentals with Nodejs . Built and contributed to
several real-world applications and completed targeted technical training.

Front End, *Link development*   06/2023 – 08/2023
I worked as a front-end intern, using **ReactJS**, **Sass**, **AdobeXD**, and **Azure** DevOps.   Cairo, Egypt
Our team of 5 collaborated on a project using ReactJS and Sass. We gained much
experience and knowledge from our mentors while working together using Azure
DevOps.

Courses

Front End, *ITI*   06/2023 – 08/2023
Training in React Js and Tailwind for Frontend Development

Front-End Diploma, *Instant Software Solution*   Cairo, Egypt

Organizations

IEEE Student Activity Participation   2022 – 2023
Actively participated in an IEEE student activity, where I organized and conducted
sessions on front-end development with React. These sessions aimed to prepare
participants for a competition we organized
